ABOUT THIS HOME

Significantly remodeled and meticulously maintained

A significantly remodeled, meticulously maintained single-level home in the College Manor neighborhood of South Salinas, with three bedrooms, two bathrooms, and a back yard built for entertaining: a pool, a covered patio room, and a built-in BBQ island.

The home has been remodeled throughout and cared for inside and out, so it's ready to move in. Hardwood floors and recessed lighting run through an open living and dining area. The living room is anchored by a brick fireplace, and the dining area has room for a home-office desk. The home also has air conditioning.

The updated kitchen has white shaker cabinets, light quartz counters, a stainless gas range with a vent hood, a dishwasher, a built-in microwave, and a side-by-side refrigerator.

The primary bedroom has hardwood floors, recessed lighting, and mirrored sliding closet doors, with room for a full bedroom set. The second bedroom has hardwood floors and a window for natural light, and the third bedroom works well as a guest room or home office. The two updated bathrooms include one with a glass-enclosed shower and one with a long single-sink vanity and a tub with sliding glass doors.

Out back, the pool has a safety fence. A covered patio room with a translucent roof and glass panels looks out over the pool, and a built-in BBQ island with stainless storage sits nearby. The garage has a laundry area with a utility sink and wall cabinets.
